800-922-5823

Ultra CS 460 #2

SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: Dilmar Ultra CS 460 #2 Grease

Part Number: CE460-2B

Distributor: Dilmar Oil Co., Inc. 1951 W. Darlington St. Florence, SC 29501

Emergency Phone Number: During normal business hours – 800-922-5823

Recommend Uses: Industrial Grease

SECTION 2. HAZARD(S) IDENTIFICATIONS

Emergency Overview

Appearance	Semi-Solid			
Color	Green			
Odor	Slight hydrocarbon			

GHS Classification:

Not a hazardous substance or mixture.

GHS Label Elements:

Not a hazardous substance or mixture.

Potential Health Effects

Primary Routes of Entry: Eye contact

Ingestion Inhalation Skin contact

Aggravated Medical Condition: None Known
Other hazards which do not result in classification

No Data Available.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance/mixture: Mixture

Hazardous component(s) - NONE

Chemical Name CAS-No. Concentration (%)

SECTION 4. FIRST-AID MEASURES

If inhaled: Move to fresh air.

Artificial respiration and/or oxygen may be necessary.

Seek medical advice.

In case of skin contact:

In case of contact, immediately flush eyes or skin with plenty of water for at

least 15 minutes while removing contaminated clothing and shoes.

Wash skin thoroughly with soap and water or use recognized skin cleanser.

Wash clothing before reuse.

Seek medical advice.

In case of eye contact: Remove contact lenses.

Rinse immediately with plenty of water, also under the eyelids, for at least 15

minutes.

Obtain medical attention.

If swallowed: Rinse mouth with water.

DO NOT induce vomiting unless directed to do so by a physician or poison

control center.

Never give anything by mouth to an unconscious person.

Seek medical advice.

Most important symptoms

and effects, both acute and delayed: First aider needs to protect himself.

SECTION 5. FIREFIGHTING MEASURES

Suitable extinguishing media: Water spray (fog), dry chemical, foam, or carbon dioxide, sand to extinguish

flames.

Unsuitable extinguishing media: Water stream may splash burning liquid and spread fire. Specific hazards during firefighting: Cool closed containers exposed to fire with water spray.

Hazardous combustion products: A complex mixture of airborne solid and liquid particulates and gases (smoke).

Carbon monoxide may be evolved if incomplete combustion occurs.

Unidentified organic and inorganic compounds.

Further information: Prevent fire extinguishing water from contaminating surface water or the

ground water system.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, Use personal protective equipment.

Protective equipment and Ensure adequate ventilation. Emergency procedures: Evacuate personnel to safe areas.

Material can create slippery conditions.

Environmental precautions: If the product contaminates rivers and lakes or drains inform

Respective authorities.

Methods and materials for Prevent further leakage or spillage if safe to do so.

containment and cleaning up: Remove all sources of ignition.

Soak up with inert absorbent material. Non-sparking tools should be used.

Ensure adequate ventilation.

Contact the proper local authorities.

SECTION 7. HANDLING AND STORAGE

Advice on safe handling: For personal protection see section 8.

Smoking, eating and drinking should be prohibited in the application area. In case of insufficient ventilation, wear suitable respiratory equipment.

Avoid contact with skin, eyes and clothing.

Do not ingest.

Keep away from heat and sources of ignition. Keep container closed when not in use.

Conditions for safe storage: Store in original container.

Containers which are opened must be carefully resealed and kept upright to

prevent leakage.

Keep in a dry, cool and well-ventilated place.

Keep in properly labelled containers.

To maintain product quality, do not use in heat or direct sunlight.

SECTION 8. EXPOSURE CONTROLS/ PERSONAL PROTECTION

Components with workplace control parameters

Material	Source	Type	ppm	mg/m³	Notation
Mineral oil mist	TWA (mist),	Ceiling		5.0 mg/m^3	
	ACGIH				

Engineering measures: No special ventilation requirements. Good general ventilation should be

sufficient to control worker exposure to airborne contaminants.

Personal protective equipment

Respiratory protection: Use respiratory protection unless adequate local exhaust ventilation is

provided or exposure assessment demonstrates that exposures are within recommended exposure guidelines. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the

safe working limits of the selected respirator.

Filter type: Organic vapor filter

Hand protection material: Neoprene, Nitrile, Polyvinyl Alcohol (PVA), Viton(R).

Remarks: Chemical-resistant, impervious gloves complying with an approved standard

should be worn at all times when handling chemical products if a risk

assessment indicates this is necessary.

Eye protection: Wear face-shield and protective suit for abnormal processing problems.

Skin and body protection: Choose body protection in relation to its type, to the concentration and

amount of dangerous substances, and to the specific work-place.

Protective measures: Wash hands and face before breaks and immediately after handling the product.

Wash contaminated clothing before re-use.

Ensure that eyewash station and safety shower are proximal to the work-station

location.

Hygiene measures: Remove and wash contaminated clothing and gloves, including the inside,

before re-use.

Wash face, hands and any exposed skin thoroughly after handling.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Semi-solid Color: Green

Odor: Slight hydrocarbon Odor Threshold: No data available No data available pH: No data available Pour point: Melting point/freezing point: No data available Boiling point/boiling range: No data available Flash Point: 400 °C / 204 °C (COC) Fire Point: No data available Auto-Ignition Temperature: No data available No data available Decomposition Temperature: No data available **Evaporation Rate:** Flammability: No data available Upper explosion limit: No data available Lower explosion limit: No data available

Vapor pressure: < 0.13 kPa (< 1 mm Hg)

Relative vapor density: < 1 (air=1)

Density: No data available

Solubility (ies):

Water solubility: No data available Partition coefficient: n- No data available.

Octanol/water

Viscosity

Viscosity, Kinematic: No data available Explosive properties: Not classified

SECTION 10. STABILITY AND REACTIVITY

Possibility of hazardous reactions: Hazardous polymerization does not occur.

Stable under normal conditions.

Conditions to avoid: Extreme temperature and direct sunlight/heat/flame

Incompatible materials: Reactive with oxidizing agents, acids, alkalis and reducing agents.

Hazardous decomposition products: Not expected to form during normal storage.

SECTION 11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Product:

Acute oral toxicity LD 50 (rat) > 5000 mg/kg (literature)

Remarks: Expected to be low toxicity

Acute dermal toxicity LD 50 (rat) > 3000 mg/kg (literature)

Remarks: Expected to be low toxicity

Acute inhalation toxicity Remarks: No data available

Skin corrosion/irritation

Product:

Remarks: Expected to be slightly irritating. Prolong/repeated contact with skin without adequate cleaning may clog the pores of the skin, may result disorder such as oil acne/folliculitis.

Serious eye damage/eye irritation

Product:

Remarks: Expected to be slightly irritating

Respiratory or skin sensitization

No data available

Germ cell mutagenicity

No data available

Carcinogenicity

Product:

Remarks: Not expected to be carcinogenic.

Remarks: Product contains mineral oils of types shown to be non-carcinogenic in animal skin painting studies. Highly refined mineral oils are not classified as carcinogenic by the International Agency for Research on Cancer (IARC).

IARC

No component of this product present at levels greater than or equal to 0.1% is identified as

probable, possible or confirmed human carcinogen by IARC.

ACGIHNo component of this product present at levels greater than or equal to 0.1% is identified as a

carcinogen or potential carcinogen by ACGIH.

OSHANo component of this product present at levels greater than or equal to 0.1% is identified as a

carcinogen or potential carcinogen by OSHA.

NTP No component of this product present at levels greater than or equal to 0.1% is identified as a

known or anticipated carcinogen by NTP.

Reproductive toxicity

No data available

STOT - single exposure

No data available

STOT - repeated exposure

No data available

SECTION 12. ECOLOGICAL INFORMATION

Ecotoxicity Product:

Toxicity to fish: Remarks: No data available Toxicity to daphnia and other: Remarks: No data available

aquatic invertebrates

Toxicity to algae: Remarks: No data available

Toxicity to bacteria: Remarks: No data available

Persistence and degradability

Product:

Biodegradability: Remarks: No data available

Bioaccumulative potential

May contain component that bioaccumulate.

Mobility in soil

Product is semi-solid in nature in most conditions and may absorb to soil and may not be mobile.

Other adverse effects

No data available

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods

Waste from residues: The product should not be allowed to enter drains, water courses or the

soil.

Offer surplus and non-recyclable solutions to a licensed disposal company.

Waste must be classified and labelled prior to recycling or disposal.

Send to a licensed waste management company.

Dispose of as hazardous waste in compliance with local and national

regulations.

Dispose of product residue in accordance with the instructions of the person

responsible for waste disposal.

Contaminated packaging: Do not re-use empty containers.

SECTION 14. TRANSPORTATION INFORMATION

International Regulation

IATA-DGR

Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

49 CFR

Not regulated as a dangerous good

TDG

Not regulated as a dangerous good

Special precautions for user

Not applicable

SECTION 15. REGULATORY INFORMATION

OSHA Hazards: Not considered hazardous

 $\textbf{SARA Ext Haz. Sub.:} \ \textbf{This substance does not contain} > 1.0 \ \% \ \textbf{of any chemical substance on SARA extremely hazardous}$

substance list.

SARA 313: This product doesn't contain > 1.0 % (> 0.1 % for carcinogenic substance) of any chemical substance listed

under SARA 313

Classifications: Acute health hazard (Immediate)

Chronic health hazard (Chronic)

Component	Fire Hazard	Sudden release of pressure	Reactive	Acute health hazard	Delayed health hazard
Base Oil	No	No	No	No	Yes
Calcium Dodecyl benzene sulfonate	No	No	No	Yes	Yes

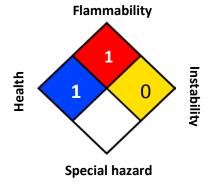

The components of this product are reported in the following inventories:

TSCA All components are listed All components are listed IECSC All components are listed

SECTION 16. OTHER INFORMATION

Further information

NFPA:

HMIS III:
