

Dilmar Oil Company

High Temp Grease 1

Dilmar High Temp Greases are multipurpose greases based on high viscosity index mineral oil and lithium complex soap thickener. They contain the latest additives to offer excellent high temperature oxidation and performance and other additives to enhance its anti-oxidation, anti-wear and anticorrosion properties. Dilmar High Temp Greases are suitable for bearings operating at high temperature and under load.

Can be used for the grease lubrication of heavy-duty bearings used in machinery found in the following applications:

- Industrial Applications
 - Automatic lubricators where a No. 1 grease is required
 - Vibrating sleeves
 - Quarries
 - Breakers
 - Roller conveyors
- Automotive for cars and trucks where a No. 1 High Temp grease is required
 - Wheel bearings
 - Chassis
 - Universal joints

Properties	Method	Dilmar High Temp Grease 1
NLGI Consistency		1
Color		Red
Soap Type		Lithium Complex
Base Oil Type		Mineral
Base Oil Viscosity @40°C cst	IP 71/ ASTM D445	220
Base Oil Viscosity @100°C cst	IP 71/ ASTM D445	19
Cone Penetration, Worked @25°C 0.1mm	IP 50/ ASTM D217	310-340
Dropping Point °C	IP 396	243
Pumpability Long Distance		Good
